

Does your Tutorial Question Pass the AVID Test?

Appropriate

Vital to my Learning

Inquiry-focused

Deeply conceptual

Ask yourself the following questions:

1. Does my question require more than a "yes" or "no" answer
2. Will my question help me answer other questions?
3. Can other people in my group benefit from my question?
4. Do I need help from others in my group to answer my question?
5. Will my question lead to a deeper understanding of the ENTIRE subject?

If your question doesn't pass these tests, it may not belong on your tutorial worksheet.
